Mesham Amen Glass

Like the Lennoxlove Amen glass, this cross does show the "S" mark with a sideways letter "T". The makers marks of Sir Robert Strange.

Bonnie Prince by Strange

This mini portrait of the Bonnie Prince was made by Robert Strange. Just like in his engraving's, we find a few of his "ST" Makers marks. These are seen on the Amen Glasses as well. Aside of the few "ST" marks in his hair, we see the crisp, clear "ST" under the bottom lip of the Prince, which is the Robert Strange makers mark. This may be a smaller letter in ctual size than the marks on the Amen glasses.
