

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTION.

Scottish surnames divide themselves into two classes, Highland, and Lowland.

In very few instances were they assumed before the eleventh, and indeed by far the larger proportion, since the thirteenth century.

They have originated in various ways; are derived from localities, as Maxwell, Nisbet, Ralston; baptismal names, as Anderson, Bennett, Lawrence; trades, as Baxter, Fletcher, Nasmyth; offices, as Bannerman, Grieve, Walker; professions, as Clerk, Freer, Kemp; peculiarities of body and mind, as Fairfax, Laing, May; armorial bearings, as Cross, Heart, Horn; nativity,

as Fleming, Inglis, Scott; and from many other sources.

Highland surnames are chiefly patronymics, with various prefixes and additions, as Farquhar, Mackenzie, Robertson; but there are some exceptions, a few being derived from localities, as Lennox, Murray, Ross; a good number from peculiarities, as Cameron, Campbell, Grant; and some from armorial bearings, and offices, as Frazer, Skene, Stewart.

Lowland surnames having been adopted mainly through Norman influence, are most frequently local, as Carmichael, Ridell, Rutherford; but many are derived from baptismal names, as Dickson, Henderson, Syme; from peculiarities, as Armstrong, Brown, Douglas; from armorial bearings, as Foulis, Heron, Lillie; from office, occupation, and trade, as Baillie, Hunter, Lorimer.

In the preparation of this work, the

author has been particularly indebted to the following authorities :

The Works of Sir George Mackenzie of Rosehaugh. Edinburgh, 1716.

English Surnames, by M. A. Lower, M. A. London, 1849.

Derivation of Family Names, by William Arthur, M. A. New York, 1857.

Surnames, by B. Homer Dixon, K. N. L. Boston, 1857.

Patronymica Britannica, by M. A. Lower, M. A. London, 1860.

In Scotland, whoever joined a particular clan, no matter what his position or descent, assumed the surname of his chief, and this was accepted as an act of loyalty; it does not follow, therefore, that all who bear the same surname are descended from a common ancestor.

Originally, all surnames had a meaning, but in very many cases this has been lost because of the corruptions in spelling, for their orthography has only been fixed in the last two centuries.

It is, therefore, probably impossible to render correctly the origin and signification of all Scottish surnames.

Philadelphia, September, 1862.

SCOTTISH SURNAMEN.

ARMSTRONG.

The Armstrongs derive their surname from the following circumstance: an ancient king of Scotland having his horse killed under him in battle, was immediately remounted by Fairbairn his armor-bearer. For this timely assistance the king amply rewarded him with lands on the borders, and to perpetuate the memory of so important a service, as well as the manner in which it was performed (for Fairbairn took the king by the thigh and set him on his saddle), his royal master gave him the appellation of Armstrang, and assigned him for a crest, an armed hand and arm, in the left hand a leg and foot in armor, coupéd at the thigh,

all proper. The chief of the clan in the early part of the sixteenth century was John Armstrong of Gilnockie; he was hung as a freebooter by James V, in 1529. The family have always been noted for their courage and daring. In the *Lay of the Last Minstrel*, the chief when about to assemble his clans, says to the heralds,

“Ye need not go to Liddisdale,
For when they see the blazing bale
Elliot and Armstrongs never fail.”

ARNUT.

The family descend from Michael Arnott, temp. Malcolm IV, and were seated in Fifeshire early in the twelfth century. The name has also been written Arnet and Arnett.

CAMERON.

Crooked nose — from *cam*, crooked, and *sron*, a nose. The clan have a tradition that their ancestor was a younger son of one of the Kings of Denmark, who assisted at the restoration of Fergus II, in 404, and was called Cameron from his crooked nose. Allan surnamed Mac Ochtry, or son of Uchtred, is mentioned by tradition as the chief of the Camerons in the time of Robert II. As far back as can be traced the clan had its seat in Lochabar, and appear to have been first connected with the house of Islay in the time of Robert Bruce, from whom Angus Og received a grant of Lochabar. The clan's more modern possessions of Lochiel and Locharkaig, on the west side of the Lochy, were granted by the Lord of the Isles to the founder of the clan Ranald, from whose descendants they passed to the Camerons. The clan appears to have been originally divided into three Septs: 1. The

Camerons or Mac Martins of Letterfinlay; 2. The Camerons or Macguillonies of Strone; and 3. The Camerons or Macsorlies of Glennevis. The Camerons of Strone were the ancestors of those of Lochiel — Donald Dhu, grandson of Allan Mac Ochtry, headed the clan at the battle of Harlaw in 1411. From this Donald Dhu the Camerons received their patronymic of Mac Dhonnill Duibh, or Mac Connel Duy, the son of Black Donald.
