A LETTER FROM THE EDITOR

The fall season is here. We know that there are still changes happening out in the world. The society is pushing through in doing what we can at this stage to keep the group going and hopefully keeping everyone's best interests in mind. This year again has been one of changes and uncertainties. We ask that you read all of the newsletter and check out what has been happening each month. There are updates to keep an eye out for the remainder of the year, even going into next year as the fall season, winter seasons comes around the bend. If you have something you are interested in seeing in the newsletter, please let a Board member know - having new ideas brought to the table is a good thing. This is the society newsletter and we want to add whatever information will be helpful to you as an organization.

The online meetings via Zoom will remain in place until the end of the 2021 year. The meetings take place every 2nd Wednesday of the month will be starting at 7:30 PM EST for social hour, announcements and other items that need to be addressed. The monthly presentation will begin at 8:00 PM EST. Please make sure to keep an eye out for any changes or updates via the newsletter and our social media sites. Our attendance has been steady and the viewing of the recorded meetings have been growing as well.

We have an update on IN-PERSON meetings - we will be discussing it in this issue and what the board expects from our membership - especially moving forward to keep the society safe & healthy while still having in person-events.

IN-PERSON MEETINGS - COMING 2022

To all who have been waiting patiently for our organization to gather again - we are happy to announce that we will be resuming in-person meetings will start again in 2022. The board has made some requirements and set regulations we will expect moving forward until we believe it will be safe to resume as normal.

- The board will need to see proof of your vaccination card when you come to the meetings (this can be the physical card or a photo of the card). We will be checking for them at the door before you enter. Signs advising this will be at the door before you are checked in.
- All members, guests and/or any attendee must wear a mask during the entire meeting (unless you are eating or drinking).
- The meetings will be a "bring your own food/drink" situation. No food or drink is to be shared, unless you feel comfortable sharing with the people you sit with at the table. That will be at your discretion.
- There will be hand sanitizer and additional masks for everyone if needed. They will be provided at the tables and at the welcome table.
- If you as an individual are under the weather or feeling sick - we are requesting that you do not attend the meetings.

If you are not able to abide by these new updates or requests, please be aware the board may deny you entry to the meetings. We are making sure we are keeping

everyone healthy and safe moving forward. Progress is being made but it is not the time to bring guards down. If you have any additional suggestions, please reach out to the board and let us know. Again, in-person meetings are important to continue with our organization but we want to be smart about the matter in keeping everyone safe.

OCTOBER '21 MEETING RECAP: Clan Chattan and the Battle of North Inch - Resolution of a Dispute Between Clan MacPherson and Clan

Davidson in 1396

In September 1396, 30 representatives of the Clan Chattan and 30 from the Clan Kay fought in an attempt to settle a feud. This was one of the last judicial combats, or trials by combat, to be fought in Scotland. To discuss this further - in our last monthly meeting - our SSI historian Carson Smith presented "Clan Chattan and the Battle of North Inch - Resolution of a Dispute Between Clan MacPherson and Clan Davidson in 1396".

Here are some highlights from that presentation. The Battle of North Inch was the last judicial dispute in Scotland. Origin of "Chattan" is the following - tribe of Gauls, servant of St. Cattan (the first Irish missionary). Chattan was its own separate clan with its own chieftain then combined their clan with McPherson and McIntosh. There are several clan mottoes and tartans that are associated with the Clan Chattan. The chosen symbol on the clan badge is a wildcat - reason this animal was chosen is that it is the only cat that survived in the UK. Many discussions were made as to the battles in who would be where with leading or powerful clans during this time. 10 years of fighting and disputes would take place between the McPherson clan and the Davidson clan - there were even battles to the death. One known individual during this time/battle was Henry the Smith. He killed

many members of Clan Davidson to the point where only a handful were left. The actual name "Smith" is derived from armorer or smith like a blacksmith. The "Smith" name is associated with Clan McPherson and is a very common surname in Scotland. To this day, Clan Chattan has one of the most famous discussions that dealt with Clan McPherson and Clan Davidson.

The Board would like to thank Carson Smith for a wonderful and informative presentation. We always learn a lot from Scottish history and this one is no exception.
